

RML Example 063: <placedStory> usage

We will use placed story to put a sub-story at a controlled location and size.

Placed Story
This is a longer paragraph used to test the behaviour of the placed story overflow handling etc etc.

Table 1 Example

Parameter	Value
(x,y)	(525,700)
max width height	1.8in x 1.5in
origin	frame
anchor	ne

Placed Story
This is a longer paragraph used to test the behaviour of the placed story overflow handling etc etc.

Table 1 Example

Parameter	Value
(x,y)	(3in,4in)
max width height	3in x 2.5in
origin	page
anchor	c

Placed Story
This is a longer paragraph used to test the behaviour of the placed story overflow handling etc etc.

Table 1 Example

Parameter	Value
(x,y)	(7,7)
max width height	3in x 2.5in
origin	page
anchor	sw
